### Youth Policy

In order to ensure the safety of our children and encourage attendance in our educational programs, it is the shul's policy that all children must either be in the Shabbat Groups Program or supervised in shul by their parents. Children ages 5 and under can only leave Shabbat groups when accompanied by a parent. Older children participating in Shabbat Groups may only leave once their group has ended. After shul is over, children playing on the playground must be supervised by their parents. Thank you for your cooperation in this process.

**February is Jewish Disabilities Awareness, Acceptance, and Inclusion Month!** February 26, 7:00 PM at the Jewish Community Campus - a special educational program about supporting individuals with disabilities both in Israel and in the local Jewish community. The featured speaker is Gidi Zur, CEO of Kivunim, an organization serving young people with disabilities in Israel. Israel Emissary Daniel Rivin worked as a counselor with this organization prior to coming to Kansas City.

This free event is brought to the community by Jewish Federation and Jewish Family Services, in partnership with Sasone and other Jewish programs and organizations. It will provide an opportunity to learn about integration, inclusion and independence for disabled individuals in Israeli society, the Israeli government's investment in disabled services, and Kivunim's vision, models and its key programs serving those with disabilities. In addition, some local Jewish and nonprofit organizations will be in attendance to provide information about how those with disabilities are served in the Kansas City community.
