Youth Policy

In order to ensure the safety of our children and encourage attendance in our educational programs, it is the shul's policy that all children must either be in the Shabbat Groups Program or supervised in shul by their parents. Children ages 5 and under can only leave Shabbat groups when accompanied by a parent. Older children participating in Shabbat Groups may only leave once their group has ended. After shul is over, children playing on the playground must be supervised by their parents. Thank you for your cooperation in this process.

BIAV Vaccination Policy

For the safety of our community, effective immediately, we require any child or adult to be up to date on all vaccinations as recommended by the Centers for Disease Control (barring age or medical restrictions) in order to enter any BIAV facility, including youth groups and the playground.

COMMUNITY NEWS

The Jewish Family Services Food Pantry gives families hope and sustenance. Our congregation has been asked to collect donations of granola, fiber and snack bars and toilet paper during June, July, and August. Place contributions in the white JFS barrel at the top of the stairs at BIAV.

Aviva Kempner's **The Spy Behind Home Plate** is the first feature-length documentary to tell the real story of Morris "Moe" Berg, the enigmatic and brilliant Jewish baseball player turned spy. Berg caught and fielded in the major leagues during baseball's Golden Age in the 1920s and 1930s. But very few people know that Berg also worked for the Office of Strategic Services (OSS), spying in Europe and playing a prominent role in America's efforts to undermine the German atomic bomb program during WWII. The Spy Behind Home Plate reveals the life of this unknown Jewish hero through rare historical footage and photographs as well as revealing interviews with an All-Star roster of celebrities and other individuals from the worlds of sports, spycraft, and history. Berg may have had only a .243 batting average during his 15-year major league career, but it was the stats he collected for the OSS that made him a most valuable player to his country during World War II.
