Join us for a morning of small sessions to educate the community about security, fire safety, natural disasters and medical emergencies - followed by lunch for those who participate at each station! There will be age-appropriate education for children, as well as babysitting.

BIAV RABBINIC SEARCH COMMITTEE

All members of BIAV should have received a survey via email from ShulSurveys@yu.edu this week. If you share an email address with your spouse, a separate paper survey was mailed to you.

This survey is the next step in the Rabbinic Search process based on the results of the focus groups in which so many of you participated, and was developed by the search committee with the expert guidance of Yeshiva University's Center for the Jewish Future.

The goal is to solicit broad community feedback regarding the development of a job description for the future rabbi of BIAV. The survey will also ask for your opinions and views on a future vision for BIAV.

NOTE: If for any reason you are unable to complete the survey online or you share an e-mail address with your spouse, please contact Alisa Kartch in the shul office, at assist@biav.org or (913) 341-2444, to make arrangements for completing a printed version. All responses are anonymous.

The survey results and job description for the rabbinic search will be shared with the BIAV community when they are available. If you have any questions or concerns, please contact Search Committee Co-chairs Sam Arbesman and Carol Katzman.
